

JABER ABDULAZIZ AL-FAKI HAMED

Agricultural Engineer | Professional Translator (German/English) | Graphic Designer

Email: [Insert Your Email Here] | Phone: [Insert Your Phone Number Here] | Location: Giza/Cairo, Egypt

PROFESSIONAL SUMMARY

A dedicated and highly motivated Agricultural Engineer with a solid academic background and practical experience in agricultural guidance and production. Possesses advanced linguistic skills with professional translation expertise in German and English, alongside comprehensive experience in graphic design and visual identity building. Seeking to leverage technical, linguistic, and creative capabilities in international development projects, professional volunteering programs, or roles that effectively serve both the agricultural and technical sectors.

EDUCATION

Diploma in Agriculture

Mohamed Abbas Agricultural School | Graduation Year: 2013

PROFESSIONAL EXPERIENCE & KEY EXPERTISE

- Agricultural Sector:** Extensive knowledge in agricultural engineering methodologies, optimizing crop and agricultural production, and providing comprehensive technical consultations for development projects.
- Languages & Translation:** Native fluency in Arabic, with advanced professional working proficiency in both English and German (B1 Level). Proven ability to deliver highly accurate technical and general translations.
- Design & Technology:** Expertise in professional logo design, corporate branding, AI-driven image processing and enhancement, and advanced navigation of global freelancing platforms.

CORE SOFT SKILLS

- Exceptional Precision:** Meticulous attention to detail in execution and strict adherence to project deadlines.
- Resilience & Collaboration:** High capacity to perform productively under pressure and integrate seamlessly within multicultural, cross-functional teams.
- Continuous Learning:** A fast learner with a proactive attitude toward mastering new technical tools, design applications, and expanding linguistic expertise.
